

Last sights

“You’ve pissed me off for the last time.”

Data Rain snarled at the hybrid, who stuttered and stepped backward. The reindeer had enough of Caibre’s smart mouth, and his final retort on her being a “pushover Domme”. She’d show him just how much of a pushover she really was. She stood over him as he fell to the floor, her naked body poised with power. Her hands fell onto her wide hips, a snort coming from her snout as she curled her lip down at him. Her sneer slowly turned into a smirk as she turned around on him, her ass round, hole puckering.

“W-what are you doing to do?”

He asked, and the reindeer laughed.

“Put you where you belong.”

She sat down on his feet, which were instantly and slowly sucked into her widening hole. Her ass spread to take him in, pull him in from the feet. Caibre let out a startled cry as one hoof popped into her hole, then the other was quickly sucked in after it.

“Wait!”

“Hmm?”

“I’m sorry!”

“Sorry isn’t good enough now, soon you’ll be nothing more than my next trip to the bathroom.”

His legs were slowly being pulled into her bowels, which were tightly squeezing him, hugging against his flesh. It was soft, warm and wet inside, and oh so tight. He felt his legs disappear up into her cavernous hole.

“Mmm, that’s it, stretch me.”

She moaned softly as he whined behind her. His thighs were being pulled in, warm and wet inside her. Her belly was starting to bulge outward as he was sucked into her intestines, pulling him in with her widely spread ass.

“Heh, I might cum from this.”

She said, leaning back against him, pushing him up to his hips into her ass. She squirmed him inside of her, he felt his cock slip into her ass and grow stiff. The tightness around his body, the squeezing, pulsating muscles that wrapped around him, slowly jerking him off. He began to pant, his wings flaring outward. She was slowly teasing her clit, and pushed her ass down onto his body.

His chest was next, sucked into her, the squeezing, pulsating body around him sending him over the edge. As his head disappeared into her hole he felt his breath grow thick. He could barely take a breath in, and his screams were muffled by her walls as he came over his legs, no longer able to control himself from the hot moistness he was surrounded by. He felt his body start to heat up, to the point where it felt like he was burning. His breath came out in thick gurgles, his skin sloughing off and turning to thick shit, being devoured by her. He wanted to scream, but nothing came out, only the sounds of his sizzling, melting skin could be heard, and the sounds of her gurgling ass. He liquified inside her, the tight intestines breaking him down into nothing but filth, leaving only his bones to slosh around in the liquid shit he had become. Everything melted together in a slurry of shit and bones, and his brain was the last thing to liquify down into nothingness.

Data Rain stood, her ass puckered and winkling, her belly bulging outward like a pregnant woman. She stroked herself slowly, fingers dancing across her clit as she let out a contented sigh and walked off. No one would doubt her as a Domme ever again.
