

New toys

“I think you guys are gonna like this.”

The pony said, stepping in front of the camera. She was teasing her audience, slowly shaking her flank back and forth, lifting her tail to expose the seat of her diaper. She loved diapers, and would wear them whenever possible. Though, tonight wasn't about the diapers, it was about her brand new toy. The messages of praise started flooding in as she undid the diaper tabs and let it fall to the ground, exposing her dripping sex. Her mechanical limbs creaked as she bent over and lifted her tail, shaking her rump again for the audience.

“Do you want to see?”

She asked, and glanced at the computer screen. People were cheering, throwing bits into her E-tip cup, the numbers racking up. She smiled and pulled a large pink dildo from under her bed, crawling onto the mattress and positioning it between her legs. The base stuck to the bed, the large, thick cock pressing against her wet slit.

“Mmmf, it feels good, wanna see it in me?”

Another flood of messages left the pony giggling, Grease Pan ground her slit down onto the dildo, letting just the tip enter her. She slowly rolled her hips in a small circle, fucking herself gently, before sliding down on the dildo. A loud moan escaped her stumpy muzzle and she lifted one hoof upward, where it twitched in pleasure. She began to slowly ride the dildo, gently pressing it into her cunt, letting the viewers watch as it spread her open. Her juices dripped down the silicone as she rode it, bouncing up and down on the toy for hundreds of viewers.

“Ohhh fuck...there we go, so good!”

She moaned out, throwing her head back, her long green mane falling down her back as she rode the toy harder. Her ass wobbled and bounced as the toy plunged deep into her sex, her body shaking, getting ready to cum.

“Fuck, fuck!”

She cried out, rolling onto her back, she grabbed the toy with her hooves and began to fuck herself quickly, needily. Her back legs splayed apart for the audience, showing off her slick sex, her needy hole. She pushed the dildo in and out of her body, her cunt squirting its juices over the dildo, quickening her pace.

“Yes, gonna cum, here it comes!”

She screamed, fucking herself faster, harder, until finally she came, squirting over the toy and dripping down to her puckered ass. Grease Pan began to slow down, gently fucking herself through a rolling orgasm until she finally pulled the toy out. The audience could see her twitching, clenching sex and she smiled, sticking her tongue out and winking at the camera.

“Now, what do you guys want to see next?”
