

Rent-a-pony

Naarkerotics lay on the floor, his rump in the air, shaking slightly, dark, flustered chills ran over his orange fur, which was encased in latex. His arms were pulled up behind his back, bound by the tight latex bitch suit. A binkie gag was shoved in his mouth, keeping his whimpers muffled as the other pony trotted up behind him.

“Mmm! This new rental system really works. My own bitch for a day.”

The mystery pony giggled. They watched as Naarkerotics squirmed, his poofy diaper swelling as warm, sloshing urine began to fill it. The white of the crinkling diaper turning a deep, sour yellow.

“Oh, what a messy, squishy boy we have here.”

The other pony cooed, pressing a heavy hoof against the folds of his diaper, squishing it against his hardened bits. Naarkerotics squirmed in his sloshy diaper, his body shuffling, tail flailing back and forth. A loud moan escaped him, hiding his shame in the rug below as his cock grew harder.

“Needy pony...”

The pony suddenly felt a cold glob of lube against his exposed and puckered hole. He moaned behind the gag, drool gathering on his bottom lip. He squirmed, feeling a dildo suddenly press against him. Naarkerotic's hole slowly spread as the dildo was shoved inside, his body aching and rocking against it.

“That's it slut, back up on it.”

The pony hissed as he pressed his ass backward, his gaping hole engulfing the dildo and taking it deep inside. The other pony began to thrust, fucking his hole roughly. The orange pony let out a harsh cry behind the gag, squirming along the floor as his hole stretched.

“Hnnfff! Ggkk!”

He cried out, his moans choked by the gag, his body quivering. His cock ground into the piss filled diaper, stimulating him. The orange pony backed into the dildo, helping him dick him down into the carpet below.

“What a good pony. Are you gonna cum in your wet diaper?”

The mystery pony cooed, giggling as Naarkerotics began to shudder. He was so close, his cock grinding into the diaper, his ass being filled and fucked by the thick, long dildo. His cries became frantic, his body moving back and forth rapidly, eyes rolling upward.

Finally he began to cum, his body erupting into the diaper, mixing the messy piss with thick loads of cum. His body sank into the ground, and the other pony laughed.

“Well, I guess it’s time to ship you back, you have other customers waiting, I’m sure.”

Naarkerotics could only whimper.
