

Sibling Bonding

Wireless Fuzz trotted into the room where the twins sat. They looked up, taking their attention away from one another to stare at the brown pony. She winked at them, giving them a little show as she twirled on her metal hooves. The pony slowly turned, letting them see her winking, wet sex.

“You guys like?”

Naarkessex and Naarkerotics both nodded. The twin pegasi had been looking forward to seeing Fuzz tonight, and fully intended to share her as a delicious meal. Who could resist the plump, brown pony? Plus, her carbon legs gave off a pleasant tingle on the tongue, or so they imagined. The orange ponies sat back on the couch, watching as Fuzz showed herself off, dinner and a show. Their tummies rumbled, ready to be filled with the hot pony. They could almost feel her filling their stomachs until they bloated, then they'd shit her out into fresh diapers, forever used. They glanced at each other, wicked grins set on their muzzles.

“Do you guys wanna give me a go?”

She asked as she bent down, using a hoof to gently spread her sex apart, revealing the soft pink innards. Naarkerotics licked his lips, and his sister motioned her hoof toward the other woman.

“Go on brother, show her how a stallion works.”

She giggled, and her brother all but leaped off the couch and plodded forward, his thick black cock hardening under his belly. He lifted his front half, and mounted the other pony with no fanfare or warning. His tip ground against her slick entrance, he could already tell this was going to be good.

“You're so wet...”

He mumbled, happy to have a moment to rail her before he gorged on her. He slipped his cock inside, feeling the wet warmth. A small moan escaped the pony below him. He didn't know what she was brewing, the plan she had. A small smirk played on her face, and he thought it was from his cock hitting the right spot. In reality she was thinking of stuffing the twins up her ass, digesting them into a fine mess, and then shitting them back out like the filth they were. They'd feel amazing, stretching her, fighting against her, her body ravaging them. She grew wetter from the thought of it, and a low moan escaped her throat as he fucked her for what she was sure to be the last time.

"God you're tight..."

He groaned softly, his legs twitching as they spread, giving himself a wider stance to dive into her with. His cock drove into her warmth and wetness, her body convulsing around him and milking his manhood.

"Not as tight as my ass is going to be around you and your sister..."

"What?"

"Oh, nothing, just keep rutting me, it feels amazing~"

She spoke in an almost sing-song voice, keeping her control as he fucked her, letting him moan all he wanted over her. He was an animal, a beast, and Wireless Fuzz couldn't wait to show him and his smug sister their place. He was getting close, she could feel him start to throb within her. But she knew she wouldn't cum until she was shitting them back out. Still, Wireless Fuzz moaned for him, put on a proper show as he erupted inside her, his hot cum filling her sweet, tight sex.

"There you go big boy...let it all out.."

She urged him, and his wings fluttered as he thrust haphazardly inside her, finishing his orgasm and gently slipping out.

"Dear sister....you wanna clean her up?"

He asked his twin, who knew that was her cue. She trotted up behind the mare, who had plans of her own brewing. She bent her front half down and raised her tail just slightly. Naarkesex leaned in and slowly licked along her dripping sex. Wireless Fuzz moaned for her, gently grinding into her snout. She had to make it convincing.

"That feels so good...could you maybe...lick my ass?"

She spoke in an innocent, shy voice. The orange pony smiled and gently licked up to her soft, puckered hole. She lapped at it gently, letting her eyes shut so she could enjoy the taste of her brother's cum and the mare's hole.

That was when the tip of her muzzle sank into her ass.

She let out a muffled cry as the heavy scent of shit burned her nostrils. Her hooves clopped on the floor, her tongue still poking from her mouth.

"MMf?!"

"Oh shush, just enjoy it."

Wireless Fuzz taunted, slowly waving her ass back and forth. She looked over at the other twin, giving him a hard wink.

“Go sit down, enjoy the show.”

It wasn't an offer, it was an order. She slowly wiggled her ass into the other, who's muzzle was stuck firmly into her ass. Her thick donut hole slowly spread and opened, shoving the mare's face deeper into it.

“Mmf, can tell you, she's going to make a great load when I'm done digesting her.”

“Dgmmnf?!”

She squealed from inside her ass, causing Wireless Fuzz to giggle.

“Yes dear! Digest! You think I was going to just swallow you up and leave you there? Oh no, you're going to be a wonderful meal~”

Her voice came out in almost a purr, the feeling of her ass slowly spreading open and swallowing the mare. Her voice became more and more muffled as her head was forced into her thick hole. Soon her frantic eyes vanished into Fuzz's puckered hole. She squealed inwardly, but it was gone in an instant, soon her head was swallowed whole. Her brother could only watch, his cock twitching at the view as his sister was swallowed by that thick ass. Inside, Naarkesex could taste the strong, acrid taste of shit, it filled her senses, and she had to squeeze her eyes shut against the smell. Her nostrils flared and burned, her hooves stomping on the floor and her wings expanding and fluttering like a frantic bird trying to escape.

Her ears folded back as they were sucked into Fuzz's ass, the warm, heated muscle clenching around her head, suffocating her until all she could breath in was the noxious air of Fuzz's innards. She let out muffled cries, her body flailing. Her brother peeked under her tail and smirked, noting that despite her predicament, she had grown wet. He hoped Fuzz would be...full, after anally devouring his sister, and he could enjoy another go at her warm, dripping sex. Either way, running didn't seem wise, so instead he sat back and enjoyed the show.

“Fuck...”

“Huh?”

“She's so big, can't wait to get her body inside, gonna suck her up and turn her to a nice warm load...”

“Hoyeah?”

“Mmm yeah...”

Then you can join her

Fuzz thought with a smirk as she wormed her ass down onto the other. The pony slid further into her warm, waiting hole, a tiny squeak escaping her as her body was pressed down by the thick muscular walls. Mucus began to coat the pony, slowly oozing onto her bright fur. It began to melt her, digest her. The process was not painful, and the orange pony felt only a light tingling, if not tickling sensation. A splatter of mucus hit her nose and she watched in wonder as her fur turned a nasty shade of brown, melting into a hardened ball of filth. Her tongue stuck to the roof of her mouth, and slowly melted to ooze. She shifted inside the pony as the rest of her body was sucked inside, vanishing into the other's tight, rounded donut hole. Her stomach distended, and began churning as the mare sloshed around inside her bowels, ready to be broken down into filth and mess. The pony inside melted and hardened into a thickened load, her hooves sticking to the floor of her stomach, and coming back up brown and gooey. They stuck together, oozing into each other and becoming hard and round, almost like thick beads of shit. She huffed, looking back at the male as her ass began to pucker. Naark felt himself grow hard as he watched the remnants of his melted sister start to push from the mare's ass. Her donut spread slowly as thick balls of shit plopped to the floor.

“Look at your sister, look at what's left of her. Nice huh?”

Naark couldn't hold back his raging erection, it twitched and dripped under his stomach. He rubbed his hoof on his arm and flushed, looking away. He didn't notice Wireless Fuzz sneaking up on him, a ball of shit in her hoof. She began to stuff the mess up his ass, and he squealed in surprise.

“H-hey!”

“Come on, don't you like it?”

“Stop it!”

“Are you sure you want me to stop? Your cock says otherwise.”

“Hnnnff...”

“Just relax and enjoy it, just let it happen.”

He moaned out as she popped the thick balls of his sister inside of him, his ass spreading slowly apart.

“Fuck..”

He moaned outward, body starting to shake. He felt his shaft throb gently under his stomach, spurts of pre-cum starting to squirt from his flaring tip.

“Ahh...ahhhah!”

He cried out, feeling the mare push the balls of his sister’s remains into his hole. More of her lay on the floor, comfortably melted into wet, dripping shit. He was positioned over it, and his cock throbbed heavily.

“I...I’m gonna...!”

“By all means sweetheart...go right ahead...”

She urged him on, her tail flicking as a sinister smile came across her short, stumpy muzzle. He felt himself whining, his hole stretching and collapsing over the filth that was shoved into him, grinding wetly into his prostate. The pony flared his wings, howling upward as he began to cum. His cock throbbed heavily, spurting his white, sticky seed over the remaining puddles of filth on the floor. He knickered loudly, nostrils flaring as he stumbled about, unable to control himself. He didn’t feel his back foot lifting, but he did feel it when it sunk into the soft innards of her ass. He blinked and looked back, letting out a startled cry as his foot began to be engulfed by her tight hole.

“It’s your turn.”

“But..but..!”

“Oh don’t fuss, you’ll love it!”

“R..really?”

“Oh yes...think about it. Being crushed by the smooth walls of my hot ass, turned into nothing but shit like your sister. You can join her...”

“Does, does it hurt?”

“I wouldn’t think so, I think I heard her moaning in there before her mouth turned to warm mush.”

He didn’t have much of a choice anyway, his hoof was being sucked deeper in, and as he lifted his other hoof to stop it, it too got pulled in. She was eating him, and he could feel his hooves slosh around in what remained of his sister inside her. Her walls pulsated, pulling him, milking him onto the warm depths of her bowels.

“A..ah..”

He cried out, his cock throbbing again, this time at the thought of being digested.

“See? You already like it.”

Wireless Fuzz smirked, her nose in the air, relaxing her front half on the couch. She let her back end stay upward, slowly swallowing the other pony.

“Those wings might be tough to get in...but don’t worry, soon your little feathers will be nothing but a skidmark in my toilet.”

He felt his cock throb at her dominant, spiteful words. He let his eyes flutter shut and moaned out softly, concentrating on the squirming feeling of his hooves being sucked in. His knees fell into her ass, writhing on her insides, his body heated, his cock pulsating under his belly. Sticky seed leaked from the tip in a half attempt at an orgasm, it was too soon between his last one.

“You’ll make me feel nice and full. I can’t wait to turn you into shit.”

She slid her ass backward on him, engulfing him up to his waist. The pony clacked his front hooves on the floor, braying as he felt his cock slowly push into her hole. It was tight, warm, waiting for him.

“Hhh....hahhhh...”

“Aww, are you going to cum again?”

“N..no...”

He tried to lie, but it was hard to hide his throbbing member. He knew she could feel the base of his cock throb against her ass, his balls long gone into her hole. He knew she knew, and she knew he knew. The two sat, Naark staring shamefully at the floor, Wireless Fuzz smirking into the pillow on the couch, wagging her ass slowly back and forth.

“Nnn...you feel great...”

She reiterated, taunting him, her ass stretching and clenching down on him as she sucked him in further. His cock popped into her ass, and he felt himself throb within her. Her body was so warm, so tight, constantly convulsing around him.

“Oh...oh GOD.”

He cried out, and he felt it coming. His front hooves slipped on the mess on the floor and he nearly fell down, but he was starting to cum again.

“Oooo! Filling me in more than one way, huh?”

She teased, laughing as she bent her head lower and raised her ass. The pony behind her gasped as he was sucked up to his chest. He could feel the shit in her hole dripping around him, giving him a wet, sloppy bath.

“Noo...”

He whined out, he knew his head was next. He knew in the next few minutes he'd be sinking into her hole forever, only to come out as his sister did, the same sister who now clumped beneath his hooves.

“Oh yes, what did I say about fighting it?”

She chuckled, shoving her ass backward. Naark slipped into her hole, the light of the room being snuffed out as her tight donut clamped shut in front of him. He was working his way backward, up her digestive tract.

“Fuck..”

He whimpered, his cock was grinding against the soft warm innards of her ass. He felt her muscles working, contracting and clenching around him. A melted piece of filth went by, and he knew it was his sister, soon he'd join her. His back hooves began to go first. The orange pony tried to lift one, and felt it stick to the bottom of her bowels. He was slowly melting into her, and at first he felt fear creeping up his throat. However it was...it was...

Nice.

He felt a tingling warmth in his hooves, the thickness sloshing against him, writhing up his legs. They slowly melted together, sticking to each other until he couldn't pull them apart. His waist slowly eroded, turning to warm, thick shit as it sloshed around in her hole. He laid his head down, forced to by her convulsing muscles.

“Hah! Ah!”

He cried out, but his mouth felt like soft mushy sand, he couldn't part his teeth anymore and they oozed into thick clumps. He tried to lift his front hoof and that too began to slip and drip heavily.

“Mmm, I can feel you turning in there...”

He heard her voice through the thickness, his ear flopping uselessly downward as it began to melt and drip down the sides of his face. He moaned out, the tingling warmth spreading to his cock, which gave a few useless spurts of cum as he ground his shitty body down into her body. Her ass condensed around him, squeezing him down, molding him into tight packages of shit.

He blubbered out his last words, only able to bubble the mess around him, his eyes closing as he sunk into a pleasurable darkness.

“Hah! There we go..”

Wireless Fuzz said with a smile, wagging her ass back and forth. She could feel him sloshing around in her ass.

“Mm! Time to join your sister.”

She said with a moaning giggle, curling her hips so her donut faced downward. She strained for a moment, then began to push. Her ass slipped open, parting gently as she curved her stomach inward.

“Hnnng...”

She strained, and finally the first load came out of her. It shot down to the ground, leaving a torrent of messy filth to squirt out behind it. She felt her full, heavy belly lighten as she shit him out, the feeling of his melted body rushing outward making her sigh and moan in pleasure.

“Ahhhh!”

She sighed, finally emptying herself of the pony. She looked down as one pile melted into the other, the two siblings mixing together.

“There you go guys, hope you enjoy your bonding time, you’ll be together for a long time now.”

Wireless Fuzz said, leaving the room with a light, airy laugh.
