Wireless Fuzz let out a solid, long moan. Her legs twitched over her head, hanging uselessly outward, her body lewdly displayed for the other pony. Naarkerotics had his arms wrapped around her waist, holding the brown pony upside down, her body squished downward, ears twitching, tail flicking. Her face was soaked in a heavy blush, her slick juices dripping down her sweetened sex.

“Oh, oh god...”

She breathed, eyes rolling upward. The other pony had his snout against her clit, his hot breath tickling her sensitive folds, eliciting more pleased squeals from her. His tongue flicked over her clit, her juices tasting sweet and thick. The orange pony ran his thick tongue along her folds, suckling on her nether lips gently, moaning into her. His boner pressed against her back as he hugged her tightly to him, tail flicking along with hers.

“You taste delicious.”

He purred with a chuckle and a smirk. Her mouth hung open in a loud O shape, leg kicking outward as a piercing pleasure rolled through her belly and electrified her clit.

“Fffuck!”

“That’s a little bit later.”

He teased, licking firmly over her clit, then wrapping his lips around it and sucking hard. Her legs fell apart further, exposing her most tender bits to the other pony, who tightened his grip and held her writhing body close. He flicked his tongue quickly over her sensitive nub, her squeals growing louder.

“Oh god, stop, I can’t!”

“Can’t what?”

He mumbled over her cunt, her juices coating his muzzle. But he didn’t stop, not for a second. He ran his tongue over her, lapping at her quickly, feverishly.

“It’s too much! Too much!”

“No it’s not, give in, enjoy it.”

He urged, continuing his assault on her cunt. Her thighs spasmed and shook, soon her entire body was trembling.

“Fuck fuck fuck fuck FUCK!”

She started cumming, her juices squirting over his face as her cunt spasmed quickly, a hard orgasm ripping through her sensitive body. She lay panting, her body slumped and slack.

“Good girl...ready for round two?”

She could only nod.
